# Minutes GSA Council Meeting Wednesday, April 27, 2011 5:00 pm, UMSU Council Chambers

#### 1.) Meeting called to order at 5:51pm

#### 2.) Introduction of the CFS-MB Chair

**Meaghan Labine** – I would like to present **Alanna Mackinson**, the Manitoba Chairperson for the Canadian Federation of Students. Also **Kimalee Philips**, the chairperson of the national graduate caucus. **Kimalee** is based in Ottawa.

# 3.) CFS MB Presentation on Graduate Student Initiatives for CFS MB Presentation by Alanna Mackinson & Kimalee Philips.

**Alanna Mackinson**– We will leave you all with a binder of information on the Canadian Federation of Students at both the provincial and national level. The press package is how we express our selves as a group and create change.

Background information: Our organization was founded in 1981, and our Manitoba chapter was founded. We are Canada's oldest and largest student union. We have more than 600,000 members in Canada and 45,000 in Manitoba. We are at an election time, and we need to vote to prevent an increase in tuition fees. There has been a 300% increase from 1991-2008. Government funding has dipped below the 50% mark.

Services: We meet 2 times a year for general meetings. We represent diversity though constituencies & national caucuses. We use the 3-prong approach: research, government relations & mobilization. Our national graduate caucus meets three times a year with a focus on grad student funding. More information can be found on our website at: www.graduatestudents.ca.

Federation Services: ISIC cards, website service, student saver card, handbook, ufile.ca. We have collective purchasing power. The annual skills development symposium will be taking place this summer. Manitoba is the first province to have International students work off campus.

Federation Seeks: Grad students' contribution to the Manitoba economy; Equality for international students; support for research & innovation.

#### 0&A:

**Cathy Scofield-Singh** – How can we get more funding for students who worked last year? **Kimalee Philips** – We should bring this up at this months' meeting, please bring it up with your local.

**Liz Gonsalves** – Is there a relationship between high tuition and high funding? **Kimalee Philips** – No.

**Liz Gonsalves** – How are you reaching these goals?

**Kimalee Philips** – We are guided by the students. All this information is in the binder we handed out.

**Meaghan Labine** – My intention of having you here to present was to find out what new initiatives you are starting, and what are you strategies and future plans.

**Alanna Mackinson** – I am the outgoing chair, so you may want to talk to the incoming chair. **Meaghan Labine** – Kimalee, how will you be working with our local chair to oversee graduate students?

**Kimalee Philips** – I am here. We have our meeting coming up and we can discuss this.

#### 4.) CUPE 3909

Presentation by **Matt McLean** (V-President Unit 1) and **Ana Vialard** (President) from CUPE 3909.

**Matt McLean** – We are having a ratification vote on our collective agreement this Friday. I would like to recommend that all grad students reject the University's offer. The University gave us a final offer before we were able to discuss wages. This leaves us the lowest paid in the country. To be clear, rejecting the offer does not mean that we are on strike. We hope that be rejecting the offer we will be give a conciliator (moderator) to help with negotiations.

**Angela Freeman** – Do students get paid when they strike?

**Matt McLean** – No, but there is strike pay from CUPE national. It's \$150 per week. The vote will take place this Friday, April 29, 2011 out front of our office from 9am-3pm.

**Student** – Is there going to be an advanced poll?

**Matt McLean** – Not this time, but it is something we are looking into changing in our bylaws.

**Meaghan Labine** – What would you like from the GSA?

**Matt McLean** – I would like the GSA to support to reject the offer.

#### 5.) Approval of agenda

Motion: BIRT that Cathy-Scofield-Singh be ratified as a member of the IDR committee. All in favour Carried

Motion: BIRT that amendments be made to the agenda from April 27th, 2011 council meeting.
Labine/Freeman

Secondary motion carried

Motion: All in favour of the agenda as presented and amended. All in favour Agenda approved

# 6.) Approval of minutes from March 23rd, 2011 GSA Council meeting

**Labine** – I have a quick question. Again going back to the minutes, 6a (GSA internal committee reports, since I was not at the last council meeting. I'm just wondering from those of you who were present, was the motion as it's written in the minutes accurate? **McGreevy** – We can clarify what the suggestion is.

Labine - I have heard from a few sources that this was not the exact wording. I want to make sure that it is recorded accurately. The motion was: *BIRT that council oppose the suggestion put forward by the CRO. The minutes state that the chair Alan McGreevy said:* "In order to run in the election GSA members must take a leave of absence from their position during the campaign & voting period. I feel the executive should not get paid for the 2011 election period (when they were on a leave of absence). I ask for a suspension of pay for those who were on a leave of absence during the election period. Exec. make \$8400/year. My decision can be overturned by council." There are a lot of inconsistencies with this suggestion.

**McGreevy** – Just to clarify. From my report, the decision was explicitly stated at the time of the meeting. I do appreciate you bringing it up so that it can be corrected. It is: "Executive members must take a leave of absence for the duration of the campaigning and voting period". My decision was: "During the leave of absence they do not receive their honorarium". That is the decision that was challenged.

**Labine** – My full point was is this an accurate reflection of the discussion that took place?

**Gonsalves** – The wording of the actual motion is not correct.

**Labine** – Until we get the correct wording for this, should we approve this section of the minutes?

Freeman – I would like to move that the minutes be tabled till the next council meeting.

**McGreevy** – I am not sure if you can table meetings year to year since the executive and the end of this meeting will dissolve all committees.

**Scofield-Singh** – The motion was to oppose what you suggested and it was not carried, so what you suggested still went through?

**McGreevy** – Yes, the motion to overturn my decision was defeated.

**Scofield-Singh** – So is it really that important?

**Labine** – It is important because there are a few issues I have to bring up relating to this that I am going to bring up in business arising. And if we approve these minutes as it stands what goes forward must be an accurate of what took place.

**Gonsalves** – Is it correct from my understanding that in Robert's Rules of Order that motions that are defeated do not need to be recorded in the minutes?

**McGreevy** – I believe that they can be recorded, but do not have to be.

**Gonsalves** – Since it is not necessary to record it can we strike it from the record in order to get the minutes approved?

**McGreevy** – Council did vote on the motion however, and there are rules regarding bringing forward an issue that the council has already discussed. If you take away everything that has not been passed then there is no limit to the number of times people can bring up the same failing issue.

The motion that came forward...for those of you that were in attendance...we will go by simple majority as to whether it was clear as to what the motion was referring. Was it clear to those who voted what they were voting on? Because at the time no one raised the issue of any sort of uncertainty as to the nature of the motion. Can I get a quick indicator by show of hands of who was at the last meeting. I am a conflicted party in this in that I could not be chair at that time, so I would like to pass the chair to a neutral party.

#### Alan McGreevy passes the chair to Angela Freeman

**Freeman** – Don't vote if you were not at the last council meeting. If you were at the last meeting and you felt that it was clear then you will vote in favour. If you felt it wasn't clear, then you will vote against. By show of hands, if you felt that the original motion was clear. 12 felt it was clear. Now if you felt the original motion was unclear. Zero felt that it was unclear.

**McGreevy** – Would any voting member of council would like to make a note for clarification? It can be a note below the original motion.

**Freeman** - To overturn the CRO's decision that executive not be paid during their leave of absence.

**McGreevy** – since this is an amendment to the minutes we will need a mover and a seconder.

Motion: BIRT that an amendment be made as a note below the original motion in section 6a of the March 23, 2011 council meeting minutes that council overturn the CRO's decision that executive not be paid during their leave of absence. Acland/Hink

All in favour All abstaining - 1 Carried

**Gonsalves** – One more question regarding the minutes from March 23, 2011. The minutes say "election period" under 6a. This does not include campaigning does it?

**McGreevy** – Perhaps I misspoke, but the motion was to not pay them during the time they were on a leave of absence. It does not when they are on a leave of absence in the minutes. Executive members were paid during the nomination period.

Motion: BIRT that the minutes from the March 23, 2011 council meeting minutes be approved as presented with the amendment for clarification.

# 7.) Business arising from minutes

#### **UMGSA Vision statement**

**Labine** – Currently the executive have not worked on this. This will be something that the incoming executive will develop with council.

# **GSA** elections policy manual

**Labine** – Those were also sent back to the by-laws committee. Those were not reviewed or updated. They will be reviewed with the next turn as we had quite a few other policy manuals to get through, as well as they by-laws to get ready for this AGM.

#### **Elections committee report**

**Labine** – Given the fact that executive were not informed they would not be receiving their honorarium prior to running in the election, that is one issue. I know this motion came from the floor, but it directly affected HSGSA executive.

**McGreevy** – I disagree. The HSGSA have their own CRO. Their CRO was able to decide whether to stop payment or not entirely independently and I didn't make that decision. I made the decision for GSA only. If you have an issue with the HSGSA CRO I suggest you take it up with them.

**Labine** – From this, the motion was vague. Under the motion it says it applies to this year only. We just went through a whole thing where we were reviewing the by-laws stipulating that changes to honorariums come into effect the following year (May 1<sup>st</sup>). It has not been a practice of GSA in the past to withhold honorarium of executive if they are running in the election due to the fact that their work is still waiting for them once they are done. I just don't know if this was appropriate, given the nature of when it was presented. Should this recommendation have been brought to council prior to the election taking place?

**McGreevy** - We have to former executive members in the room right now as guests of council. When you take a leave of absence to run in an election do you get your honorarium?

**Fawcett** – We didn't the 2 years I was on the executive.

McLean – I can't remember.

Labine - From the past 3 years that I have been involved with GSA & HSGSA

we have not stopped the honorarium during election period. This decision would apply to election policy manual. Currently it is not stated within the election policy manual about withholding pay during this leave of absence and to come into effect for next year. We need to work on wording. I would like to make a motion to reconsider the motion.

**McGreevy** – Only those who voted on the motion can make a motion to reconsider the motion.

**Ojo** – At the last council meeting I spoke in favour of the CRO's decision. Based on reflection and new information I have changed my mind.

Motion: To reconsider the vote.
Ojo/Geddes
All in favour – majority
All opposed – 2
All abstaining – 2
Carried

**McGreevy** – I would like to that everyone for whom this is a conflict of interest, and those individuals who would directly financially benefit from this decision being overturned please leave the room for the duration of this discussion.

#### Discussion to reconsider the vote occurs.

**McGreevy** – My justification for this decision is that the documents clearly state that you go on a leave of absence for the duration of the voting & campaigning period. When you are on a leave of absence, regardless of the nature of that leave of absence you are not doing your job and I feel people should not get paid for things that they are not doing.

**Scofield-Singh** – Although you are right it was brought up just before the elections, and was not in the by-laws. I don't think it's fair to change things.

**McGreevy** – It's not changing things unless it's written down.

**Geddes** – Were those executive running in the election under the understanding that if they were to rerun they would not get paid?

**Labine** – No they were not aware.

Cardillo - Can they not pay someone else to do their jobs while they are away?

Labine - No.

**Gonsalves** – What is the length of time we are looking at?

McGreevy – 2.5 weeks.

**Gonsalves** – The executive committee put forth the decision to not pay someone their honorarium who is on a leave of absence for greater than 3 weeks and is not

performing their duties. The 2.5 weeks does not fall into what we have documented in a set of minutes.

**McGreevy** – I don't think the executive has the authority to make that kind of decision. Decisions on whether or not to pay people should go through the IDR committee.

**Gonsalves** – This is a documented precedent regarding a leave of absence.

**McGreevy** – In regards to precedents we pay people a partial honoraria all the time. We had a couple of resignations, we had people stepping in through by-elections to fill those positions. They were paid according to how long they were in the job, not per year. I was just following the model that was set forward.

**Labine** – Ceasing or starting employment is much different. We are allowed to take vacation. Does that imply the executives honorarium should be taken away over the Christmas break.

**McGreevy** – No, but you are still obligated to get stuff done.

**Labine** – Exactly. You are also obligated to get stuff done before and after the election period.

Motion: Limit the discussion to 2 for and 2 against. Ojo/Labine All in favour Carried

**Scofield-Singh** – What did the IDRC have on their reports regarding the work that the executive did?

**Freeman** – Based on the IDR report all of the executive had a positive review. Would anyone like to speak in favour or against?

Armstrong – Against motion to reconsider.

Sliwinski – In favour of motion to reconsider.

Scofield Singh – Against motion to reconsider.

Angela Freeman passes the chair to Christina Fawcett.

Motion: BIRT to reconsider the original motion of the CRO's that executive not be paid during their leave of absence.

All in favour - 10 All opposed – 4 All abstaining – 1 Carried

Therefore the honorarium will be paid out

Christina Fawcett passes the chair to Alan McGreevy.

Motion: Council recommends that the GSA by-laws and policy committee must review the policy on leave of absence and executive honorarium pay during that leave of absence.

Labine/Freeman Carried

#### 8.) Committee Reports

#### a. Executive Committee

**Labine** – This will be the last executive committee report that I write for this organization. I just wanted to say on behalf of the executive committee we really enjoyed working with council. Does anyone have any questions?

#### b. By-laws & Policy committee

Labine – There are quite a few policy manuals that have yet to be approved. The committee went through the financial policy rigorously. We have not had time to completely review the other policy manuals however we are making the recommendations that since these policy manuals can be modified at any regular council meeting and since we are currently operating without policy manuals to subsidize our by-laws that we currently have approved. That we approve these policy manuals with the recommendation going forward to council that they approve the new by-laws and policy committee in May so that they can start working on these documents over the summertime and present them to the September & October council for revised approval.

Motion: BIRT that there be an omnibus package of approval of the financial policy manual; executive policy manual; council policy manual; and the committee policy manual as presented.

Freeman/Hink All in favour Carried

**Labine** – CUPE is asking that the GSA council make a decision as to whether the GSA council supports the recommendation to reject the negotiated contract that is being put forward.

**McLean** – We are asking your endorsement of our positions to reject the University's offer.

**Labine** – The GSA executive discussed it last night, and the executive decided that we felt it was best to remain neutral. However we could advertise that the vote is taking place. This should not influence how you vote.

**Scofield-Singh** – If we do support them will this influence our relationship with the University?

**Labine** – No. We still have the right to our own opinion, which is never going to be in line 100% with the University.

A discussion highlighting reasons to support and not support CUPE occurs.

Motion: BIRT that the GSA Council endorse CUPE 3909's recommendation to reject the University's offer.

Labine/Sliwinski

All in favour

Carried

**Labine** – Just for clarification, this will mandate that the GSA executive to now send out an email endorsing CUPE's campaign on behalf of council.

#### c. Internal review and development committee

**Freeman –** The IDR committee worked hard on this. We implemented a peer review process, which worked well. All executive had a positive review. We recommend that future IDR committees continue the peer review process. We also made notes on how people keep records of what they do as executive. Which we brought to the executive committee.

#### d. Office committee

**Labine** – We have not met. Will be presented at the next council meeting on Wednesday, May 25, 2011.

#### e. Finance committee

Labine – The changes to the travel grant structure are presented within the committee and executive reports under the finance committee reports. We are asking that council approve this new fee structure. What it will look like is in the past it was: attending in Winnipeg \$50, presenting in Winnipeg \$75. Attending and presenting outside of Winnipeg - \$250 & \$350. Now it's looking at keeping attending & presenting in Winnipeg the same; attending & presenting in Manitoba will be \$75 & \$100. Attending & presenting in North America will be \$250 & \$350. Attending & presenting outside of North America will be \$400 & \$500. Additional recommendations will be that they carry forward with their previous format of approving it once everyone has submitted all documents and receipts. The conferences they attend should be within the realm of their study area. The new total amount per year is maximum \$500.

Motion: BIRT the Council approve the revised conference grant disbursement chart as presented.

All in favour

Carried

#### f. Awards committee

**Labine** – Has not been dealt with by the committee.

Motion: Council encourages the 2011/2012 finance committee to review the potential increase per student of departmental disbursement process of how councillors apply for and receive the disbursement.

All in favour

Carried

# g. Campaigns committee

**Nawrot** – May 25<sup>th</sup> is the deadline for awards. A hard copy must be submitted to the GSA Office.

#### 9.) Executive Reports

**Ojo** – Met April 11, 2011. Review info session on copyright & tax sessions. Made recommendations for next year are: we are working on the residency act & making it more student friendly; working on student saver card – trying to get additional discounts.

**Prokesch** – I have department grant cheques that still need to be picked up.

#### a. GSA spring social - April 28th from 6-10 in GSA Lounge

**Labine** – The party is tomorrow in the GSA Lounge. I will bring forms from the Registrars office for all council members for recognition of participation. I will be in the office all day Friday & can sign them.

**McGreevy** – I would like to thank Meaghan Labine for all her hard work as President this past year.

#### 14.) Adjournment

#### Executive Summary:

The GSA in collaboration with CFS-Manitoba has worked on improving relations with the Manitoba Minister of Post Secondary Education (PSE). GSA has also met independently with the Minister of PSE. - 4) More social events
- 5) Expansion of services

During the month of April an undergraduate student from computer science, Justin Benoit, completed a work experience program within our office. He was able to digitize and archive many of our documents. His contributions to our organization are invaluable and greatly appreciated.

The GSA office had a computer network established. The process has not been a smooth one and the executive team is working with DigginIT to ensure deliverables are met. The network has exceeded the initial estimates and cost due to unclear expectations and solutions to meet the GSA's needs.

The Autonomy Agreement between UMSU and GSA will be presented to the Board of Governors in June. The autonomy agreement has resulted to two significant expenses for the Association:

- Insurance Costs
  - Yearly estimated costs of \$10,000.00
- Cost for the annual audit to be conducted by the Provincial Auditor General

Yearly estimated cost of \$20,000.00

The Executive is actively involved in soliciting more accurate cost estimates for these two essential costs.

This year, will also require graduate students to submit to the Board of Governors a comprehensive student fee breakdown that the Association is collecting.

The GSA and UMSU has decided to re-open negotiations regarding the Pub Agreement. Consequently, a GSA Pub Committee will be created to look further into the role and level of involvement that the GSA will have in the Community Pub that was formerly the Wise Guys Bar on campus.

During April and May, I have worked on orienting myself to my position as Vice President Internal. This involved sitting on committees and meetings prior to the official start of May 1. I have been talking with Peter N. and Meghan (outgoing president) concerning the Gradzette contract with Manitoban staff, which is currently being reviewed by the Manitoban staff. I have also been working on prepping conference grants, and updating forms (conference grant and departmental grant) as per new bylaws accepted at the last AGM. I have also been liaising informally with Peter N. concerning the budget to be presented. Committees have not met since I have taken office, as they will be constructed at the current council. I look forward to working with all of you!
