## September 28, 2011 Council Meeting MINUTES 5:00pm UMSU Chambers

#### 1. Call to order at 5:05pm

#### 2. Approval of the agenda

Motion: BIRT the agenda for the GSA Council meeting of September 28, 2011 be approved.

Freeman / Animal Science

**Freeman** – would like to amend the agenda to move the presentation by RBC and the presentation of the budget to the next meeting, as the presenter was unable to attend *Carried* 

#### 3. Presentation of the budget.

**Freeman** – presented the budget. She highlighted sections of the proposed budget amendments, which was circulated to Council members. She noted that any decisions to amend the budget would have to be proposed at the AGM, rather than at Council, as the AGM is the highest decision-making body of the GSA.

She identified areas that would be changed, and encouraged Council members, both present and not present, to contact her with any questions related to proposed changes.

**Ojo** – said that he was confused about the proposed changes, and asked if a revised version could be sent to council members prior to the AGM.

**French Spanish** - asked why cpital funding is in both expense and revenue.

**Freeman** – said that the income is from the interest generated from funds in the capital fund.

### 4. Approval of minutes from September $28^{th}$ 2011 GSA Council Meeting Motion: BIRT the minutes from the September $28^{th}$ 2011 GSA Council Meeting be approved.

Bates / Chen

**Anthropology** – noted that the minutes indicate that the Margaret Meade film festival will take place on campus, it will in fact take place at Cinimatheque.

Carried with amendments.

**Ojo** – stated that he would like to amend the agenda to include Matters Arising from Previous Meeting Minutes.

Ojo/Scofield Singh

Carried

#### **5. Matters Arising for Previous Meeting Minutes**

**Ojo** – asked for updates about the Hub Pub, student pub.

**Nawrot** – said there are still matters being finalized with respect to the pub, and they will not do a presentation to Council until more confirmations are received.

#### **6. Matters Arising for Previous Meeting Minutes**

#### 6.1. Finance Committee

**Freeman** – said that the Finance Committee reviewed 12 applications, and two were rejected due to insufficient information. She said no Special Projects applications were submitted.

#### 6.2. Campaigns Committee

**Bates** – said that the first meeting of the committee will be on October 5, from 6-8pm. She encouraged members to participate in the campaigns committee, which will be discussion CFS, UMSU and local campaigns. She said that the National AGM package has been received, which will take place November 22-25, and motions are due by October 11. Motions will be discussed on October 5<sup>th</sup>. She provided an overview of posters that have been developed by CFS for the Manitoba provincial elections.

**Anthropology** – asked if the GSA will be doing any campaigns work on copyright. **Bates** – said that the GSA will be working on this issue, especially in light of proposed changes to the Copyright Act and to access copyright at the universities. She said the university has recently created a copyright office.

#### 6.3. Awards Committee

**Chen** – said that while the committee didn't meet during the reporting period, and issue arose that required a special meeting on September 12. Because the issue is still confidential, and awaiting confirmation from FGS, details will have to be reported on next meeting.

#### 7. Executive Reports:

#### 7.1. President

**Nawrot** – provided highlights of his report. He said the Gradzette has a contract with the Manitoban, which will be reviewed by the Executive. He said that he has spoken with UMSU about the agreement between the GSA and Hub Pub. They are still working on renovations, which are projected to be completed mid-November.

He provided an overview of the proposed contract with UMSU, and noted that the agreement with respect to the Hub Pub will be more of a sponsorship of roughly \$10,000/year, allowing for monthly parties to be held at the pub, which would involve significant savings for the GSA.

He noted that the GSA now has insurance, at \$5,000,000 directors liability insurance, which worked out to be the cheapest available, through Campus Insurance, as well as \$150,000 insurance for the GSA space. He noted that because the GSA is autonomous, we are no longer protected by UMSU's insurance, and are no longer a liability to UMSU, and our premiums are no longer tied to UMSU.

He noted that renovations will commence mid-November.

**Scofield Singh**– asked if access to the GSA computers will be available during the renovations.

Nawrot - said they will be.

#### 7.2. Vice President Internal

**Freeman** – noted that she held a Finance Committee meeting, approving nearly \$8,000 in travel grants. She said that the Gradzette and Manitoban have agreed on a contract, which she will be reviewing. She also liaised with Sustainability Day. She said Bylaws and Policy Committee has not met, as it has not been ratified.

#### 7.3. Vice President Academic

**Chen** – highlighted sections of her report. She noted new Masters programs being implemented through Senate, as well as approving a qualitative research group. She noted that the university released the enrollment report, noting an increase in undergraduate enrollment of 1.2 %, while graduate enrollment increased by 4.2%, accounting for 3,211 graduate students in total. She noted October 19 and 20 are the dates for fall convocation, including over 400 graduate students graduating. She noted that the graduate student bursary application is now available, as of October 3<sup>rd</sup>, and is now available online through Aurora. She said the CFS Provincial executive approved a \$1,000 donation to the Red Cross famine relief efforts, and the CFS office has developed campaign materials for the provincial election.

**Scofield-Singh** – asked if the qualitative research group has been established or not. **Chen** – said that it was established through other research groups, and research centres that serve professors and researchers to have integrated research.

**Ojo** – asked why CFS is reported under VPA rather than VPE.

**Nawrot** – said the VPE was elected to the Provincial Executive as a co-women's representative, and that the VPA was elected as the GSA representative.

**Ojo** – asked why the CFS fees were higher last year

**Nawrot** – said that it was higher last year, because the GSA repaid some outstanding membership fees from the year before. So these numbers appeared in a different fiscal year. He noted that CFS fees increased by \$.01 per year.

#### 7.4. Vice President External

**Bates** – noted that she took vacation as well. She said that she spent quite a bit of time preparing for orientation. She said that the date for Take Back the Night march, coordinated through UMSU has not yet been established, and that the SlutWalk will take place on October 15.

**Tsikata**– asked whether or not this campaign is related to the campaign for women's rights to be topless in public, as an awareness campaign for equal rights.

**Bates** – noted that it is a different issue, though it is legal in Manitoba and Ontario. SlutWalk has to do with violence in a sexual context.

**Cowie** – said that the issue did arise in Ontario, and the SlutWalk was related to the topless issue, due to the woman being sexually assaulted over her choice of clothing.

#### 7.5. Senator Gagne

**Gagne** – had nothing to report.

#### 7.6. Senator Karari

**Karari** – said that he was actively involved with liaising and discussion participation in orientation of the event facilitators. He said he also attended the Senate Committee for Admission Appeals, which determines whether a rejection of a certain admission was prodedural in relation to departmental policies. He found the conflict between formal procedures and ethical concerns makes it difficult, as a student representative, to advocate on behalf of the students effectively when ethical concerns are not considered

with the same weight, and accommodated.

**Freeman** - asked if he had attended the September 7th Senate Meeting

**Karari** – indicated that he attended the Senate Appeals Committee

**Freeman** – asked for clarification as to whether he attended the Committee, or if he had also attended the full Senate meeting on the  $7^{th}$ .

**Karari –** said he attended the Senate Committee on Student Appeals.

#### 7.7. Vice President Health Sciences Report

**Salter** – noted that HSGS had roughly 80 to 90 people attend the HSGSA orientation social. He said that Bannatyne Campus will be bringing a Certification in Higher Education and Teaching to campus, as the CHET program is not currently available to Bannatyne Students.

#### 9. Committee Membership updates

**Freeman** – indicated that a number of Committee positions still need to be filled by council members. She noted that the new committee list will be submitted to the minutes, following the meeting. She said those who do not volunteer for committee positions will be assigned to Bylaws committee.

**Nawrot** – suggested that an email be sent to all Council members, indicating which committees they sit on, or have been assigned to.

**Scofield-Singh** – said that Council members should be reminded that if they do not sit on a committee, they may not receive their departmental grant.

Motion: BIRT the amended committee composition list be approved. Freeman / Scofield-Singh Carried

#### 10. Financial Policy Change

**Nawrot** – noted the proposed amendment to the financial policy. Manual, Article IV, section I:

Motion: BIRT the section that states: "The GSA, through the Finance Committee, will make funds available to University of Manitoba graduate students wishing to attend or present at conferences who do not have adequate personal or departmental resources to do so." be amended to: "The GSA, through the Finance Committee, will make funds available to University of Manitoba current graduate students or graduate students that have graduated within the past eight months, wishing to attend or present at conferences who do not have adequate personal or departmental resources to do so."

Ojo / Armstrong Carried

The executive committee recommends the following amendment:

"The GSA, through the Finance Committee, will make funds available to University of Manitoba current graduate students wishing to attend or present at conferences, or graduate students that have graduated within the past four months, wishing to present at conferences, who do not have adequate personal or

#### departmental resources to do so."

**Scofield-Singh** – asked why the proposal was reduced from eight months to four months. **Nawrot** – said that it would be unfair that a person has almost an entire year to apply after graduation, that if you plan on attending a conference, you should generally know within four months.

**Scofield-Singh** – said that she would like to see a timeline for student to apply.

**Ojo** – said that he is in favour of the motion.

**Magnusseon** – asked if these grants can act in addition to department funding for travel.

**Freeman** – said that if the student goes outside of North America, the cap is \$500.

**Matley** – asked if the student has already applied to another school, if students can still apply.

**Nawrot** – said that as long as its within the four-month period. He also highlighted that this only applied to individuals presenting at conferences.

**Freeman** – noted that a statue of limitation could be discussed at the Bylaws committee.

Freeman / Lockhart

Carried

Motion: BIRT that the Bylaws Committee look into a statute of limitations or time period for the awarding of conference grants
Salter / Scofield-Singh
Carried

#### 11. Departmental Reports

**Matley** – said that a fundraiser is being held next Thurseday at the Kings Head pub, at \$10 per ticket.

**Nawrot** – suggested that in the interest of time, Orientation and Wine and Cheese updates can be tabled until the next meeting, as these events fall within that reporting period.

Motion: BIRT Agenda items 11.1 (Orientation update) and 11.2 (Wine and Cheese updates) be tabled until the next meeting of Council.

Freeman / Keller

Carried

#### 14. Announcements

#### **14.1 Sustainability Day**

**Freeman** – said that Sustainability Day is September 30, in the multi-purpose room.

**Salter** - reminded Council that departmental grants are due November 1st.

**Prokesch** – said that the application is online, and is simply filling out the form.

**Scofield-Singh** – asked if the positions of Chair and Senator are being filled.

**Nawrot** – said that the Chair position is not vacant, and is currently filled by the President, as established at the last AGM. He said that in order to fill the Senate position, a nomination selection through Council would be more time and cost-efficient than a full election. He noted that first preference is given to a Health-Sciences student in order to fill the position, and nominations must occur after October 1<sup>st</sup>. he noted that it was suggested that an email be sent out to all departments about who the nominees are, so department members will have an opportunity to vote within departments to provide feedback to their council representative on how to vote.

Absences from meeting were due to scheduling conflicts with other meetings, having to remove myself from jury duty for an upcoming trial on October 27, 2011, and a death in the family.

#### Executive Summary:

#### **Orientation 2011**

This year's orientation was a success with valuable information that was provided to students. GSA swag was ordered and handed to students. A recommendation came from an executive member to implement for next year a "passport to success" program that was used in 2010 to encourage more students to participate in orientation events.

The wine and cheese event on September 23, 2011 was a great success with over 140 graduate students who attended the event. It was a fun time for all.

#### **Canadian Federation of Students**

During the last week in October, as part of the Education is a Right campaign, students will be in Ottawa meeting with Members of Parliament and Senators to present our vision for post-secondary education in Canada. In preparation for Lobby Week the Federation produced the following document entitled Public Education for the Public Good outlining our key priorities.

The policy document can be downloaded at the following address: <a href="http://www.cfs-fcee.ca/downloads/2011-Public-Education-for-the-Public-Good-en.pdf">http://www.cfs-fcee.ca/downloads/2011-Public-Education-for-the-Public-Good-en.pdf</a>.

#### Canadian Conference on Student Leadership in Calgary – November 17 -21, 2011.

The GSA is sending 11 students for this conference. A total of 22 students are attending this conference from the University of Manitoba. The conference will take place from Thursday, November 17th to Sunday, November 20th at the University of Calgary.

The conference will provide a mix of student (undergraduate and graduate) and professional lead sessions, keynote speakers and networking activities. The Canadian Conference on Student Leadership is an opportunity for student leaders to come together and share ideas, to become inspired, and to leave determined to make a difference on their own campus and/or in their community.

The conference is comprised of three workshop tiers targeting Undergraduate students, Graduate students and Professional Faculty. The Undergraduate stream will focus on four main areas: *Health and Wellness, Emerging Leadership, Service Learning, and Refining Leadership.* All workshops are facilitated to students, by students.

#### **Pub Advisory Committee**

The City of Winnipeg has not yet provided a building permit to UMSU to begin construction of the HUB. Completion of construction is not expected until early December 2011. The official opening of the HUB may occur in the new year.

#### **Bannatyne Student Services**

This committee is looking into a number of initiatives to enhance and improve the student experience at the University of Manitoba Bannatyne Campus. A clear concern brought forward from students was safety and safe access to and passage in the buildings of Bannayne Campus. Swipe card access to improve student safety has been estimated to cost \$5000.00 and the departments involved do not have the financial resources for this infrastructure. UMSU and GSA will ask each of their council if they would be willing to contribute towards this initiative.

#### **Student Experience Committee**

This committee is looking into a number of initiatives to enhance and improve the student experience here at the University of Manitoba. On the agenda are the following items:

- International Student Health Plan / Manitoba Health Coverage
  - Legislation was passed, but the process and infrastructure to comply with legislation needs to be developed and communicated better to students
- Student safety
- IT /Help Desk issues
  - Wireless access on campus
- Registration issues
  - Holds on accounts
  - o Priority registration
- Southwood Golf Course Development
  - o Graduate student housing
  - o Private development

#### **Share your Vision Selection Committee**

Last month the University of Manitoba's Department of Student Life held a contest to provide one of its outstanding students with the opportunity to accompany U of M president Dr. David Barnard to a conference in Montreal where the student will contribute to the dialogue on the future role of Canadian universities. The contest asked students to submit either a video, audio file or essay explaining their vision for the university in the future. The committee selected Gregory Di Cresce, a father of two boys and a PhD candidate in the Department of History. Di Cresce will attend the Oct. 25-26 conference with the president. He has worked for various newspapers, edited film documentaries, and worked for the United Nations information service in Kenya.

"My vision of a 2021 UofM," Di Cresce wrote in his winning essay, "is one that successfully integrates Aboriginal ways of living and learning with those of the West. It's a vision that requires the crossing of countless bridges of understanding in a spirit of mutual respect. It's a vision guided by painful honesty, profound humility, intellectual and moral bravery and an ability to thoroughly quash condescension. This is the revolutionary formula that can begin to move the culture of our university from a place that too often merely reproduces inequalities to a place that regularly challenges inequalities."

The president will lunch with Di Cresce and all of the students who shared their vision before he and Di Cresce depart for Montreal.

#### **Alcohol Advisory Committee**

This committee is charged with the task of developing a framework for education and the responsible use of alcohol on campus. Party buses or vehicle rentals for the primary use of shuttling students from the university to alcohol specific functions is banned. Student safety is primary concern, considering that reports have been made of students being assaulted after leaving establishments that serve alcohol. Some of these reports stemmed from provoked behaviours and others were unprovoked.

#### **Strategic Enrolment Management Planning**

The SEMP Committee has the following responsibilities:

- Sets goals, objectives & KPIs;
- Approves strategies and tactics;
- Develops annual action plans;
- Provides regular reports to Provost's Council.

The Committee has been asked by the President to provide an enrolment planning framework for the university. The plan will be taken to the Senate Planning and Priorities Committee and Senate, which will approve it in principle. Annual action plans do not have to be presented to Senate.

The university has defined a target of 10% of undergraduate student enrolment / 20% of graduate student enrolment as an international enrolment goal. With regards to Graduate enrolment goals; the university has defined a target of 20% graduate student enrolment. Overall university wide enrolment has not been decided yet.

#### Gradzette

The Manitoban has submitted to the GSA a draft contract that is has been approved for signing by both parties. A formal agreement will be signed in the beginning of November 2011.

#### The HUB

A contract between the GSA and UMSU has been drafted by the GSA lawyer as previously reported. UMSU is still reviewing the contract and will follow-up with a response. Logistical complications may arise with the issuance of the "2 free drinks" for graduate students. Consultation with the Manitoba Liquor Control Commission is needed along with the newly hired manager of the HUB.

#### Insurance

Any graduate student group wishing to hold a party on campus will now require the GSA to sign the conference and catering waiver form. A new form has been developed whereby the issuance of liquor licences will require GSA approval. In addition, students holding these events will require UMSAFE training and certification.

The Graduate Student Association received a copy of a new, edited version of the gradzette contract, which is being reviewed. The October issue is available currently. Anyone interested in writing for the gradzette may contact the Vice President Internal at <a href="mailto:vpi@umgsa.ca">vpi@umgsa.ca</a>

#### **Finance Committee**

The Finance Committee met on September 14, 2011. We reviewed 12 applications, 2 were rejected because of insufficient documentation. The total amount awarded was \$2,400.

#### **Bylaws and Policy**

This committee has been ratified, and will be meeting the last week of October.

#### IDRC

This committee has been ratified, and will be meeting on October 18<sup>th</sup>.

#### Orientation

Orientation was a big success, and was attended by many students. However, last year's passport (stamps collected to win a prize) was more successful for gaining attendance at workshops. The executive discussed ways to improve orientation at the executive meeting.

#### **September Social**

The social was well attended, and students remarked that they enjoyed the opportunity to meet other graduate students.

#### **Defenceless with BSGSA**

The VPI attended and was the master of ceremonies for the BSGSA social on the 6<sup>th</sup>.

The VPI had family obligations from October 7-15<sup>th</sup>, and was away from the office, but in touch via phone and email.

#### **Graduate Student Advocacy:**

Individual cases related to student appeals are confidential.

#### **GSA Awards Committee:**

The Awards Committee held a special meeting on September 12, 2011 to discuss issues arising with respect to the status of one of the awards recipients. The results of this meeting await final confirmation from the Faculty of Graduate Studies, but because of the confidential nature of the subject, I will have to report the details at the future meeting of Council pending the decision of FGS.

Canadian Union of Public Employees (CUPE) 3909 Annual General Meeting:

During this meeting, members of CUPE passed the budget of April 1<sup>st</sup> 2011 – March 31<sup>st</sup> 2012, trustees report for 2010-2011, and executive board reports. The CUPE 3909 President Matt Mclean reported the Unit 1 collective bargaining meetings with the University of Manitoba administration. Although the results were different from expectations, members will benefit from several other improvements such as increased number of hours paid and course cancellation fees. CUPE campaigns, grievances, membership survey, and newsletter and website development were presented as well.

#### **Canadian Federation of Students (CFS):**

The CFS Provincial Executive meeting was held on September 30, 2011 and discussed the updates of the Provincial Election Awareness Campaign and upcoming campaigns, as well as CFS National AGM, provincial financial report, and federation services. More details of these issues will be sent to each local.

#### ICS Orientation Day (September 17, 2011):

The GSA attended the International Centre for Students Orientation Day on September 17, 2011 which was for late-arrival international students and introduced the services, events (including the orientation week), and opportunities for graduate students through the GSA. The GSA handbooks, rulers, and pamphlets were released during the session.

#### Meetings Missed:

October 3<sup>rd</sup> Exec meeting

#### **Executive Summary:**

**October senate meeting**: The usual student senate caucus meeting was cancelled due to a consensus that the meeting didn't have much of interest to students.

**Orientation**: We had a great turnout for food, not so much for presentations. Students were thankful for us to organise this, and most executives were around to chat with our new students.

Wine and cheese party: Spent 4 hours bartending and socializing. Great turnout and everyone had a great time.

Other hours mostly account for:

-21 hours in regards to orientation (6 hours on Monday, 6.5 hours on Tuesday, 4 hours on Wednesday, 4.5 hours on Thursday)

-6 hours for wine and cheese party on the 23<sup>rd</sup> (for which 2 hours were spent on cheese-related matters prior to the party).

#### Meetings Missed: None

#### **Executive Summary:**

- 1. Active participation in 2011 GSA orientation. Helping in preparations and also in introducing facilitators.
- 2. Active involvement in admission appeals senate committee meetings. The key objective of this committee to hear and determine appeals from decisions of faculty and school Selection Committees, administrative decisions affecting the admission process, decisions related to the transfer of credit policy of the faculty/school and the possible granting of advance standing. Once the Committee has determined jurisdiction of an appeal, any decision resulting from the appeal hearing is final and binding on all other committees and the parties concerned. This far, we have been able to hear and three admission appeals.

- 3. Attended and participated in the Senate orientation meeting. The purpose of this meeting was to introduce the new senators into the business of the University senate. It also included an answer and question session. This meeting prepared the new senators for active participation in University Senate meetings.
- 4. Active participation in the campaigns committee. I put forward a motion to have a campaign against the exploitation of the consumers by the mobile phone companies. This advocated for the need to lobby against hidden charges, double charges (receiver and caller), charges on various important cell phone features such as the caller ID and the right to end a contract when the consumers are not satisfied by the services.

#### Meetings Missed:

GSA Executive Meeting, October 3rd

#### Executive Summary:

#### **Executive Duties:**

As HSGSA President I have been scheduling and chairing, ordering food services for meetings, working with the GSA and reporting to them through GSA executive and council meetings, as well as sitting on several FGS committees. Also, I have been working with my executive to make sure all events and plans are being managed properly and keeping everyone on the same page.

#### **Orientation Planning:**

The social aspects of orientation, including the orientation social, as well as the paintball event were well attending by students. However, the information sessions were attended much less, and it is suggested by the executive that the orientation for the following year take place on no more than two, preferably one, day. This day will be noted by departments to allow students the academic freedom to attend orientation sessions.

#### **Paintball Activity:**

The Paintball event was a tremendous success, was under budget, and had great attendance. 27 students enjoyed free transportation, free food, and free play.

#### **Halloween Social:**

The Halloween social will be occurring on the 27<sup>th</sup> of October, from 4:30 to 8:30pm. There will be drinks, food, prizes, games, decorations, and more! The executive team is working hard to make it our best social yet.

#### **GSA Special General Meeting:**

Students approved the motions to accept the current fee structure, as well as approve the current investment strategy for the endowment funds and capital. As such, the GSA can now properly implement the exciting massive increases to student grants, such as the departmental grant.

#### **HSGSA/F of M Bus Ticket Program:**

The HSGSA will be providing bus tickets to St. Boniface students taking classes at the Bannatyne Campus again this year with financial support from the Faculty of Medicine. The VP St. B will be facilitating this program directly from St.B, a positive step forward.

#### **Certificate in Higher Education Teaching (CHET) Program:**

The HSGSA is in talks with the representative of University Teaching Services to bring the CHET program to the Health Science Graduate Students. This service is already being utilized by many from the Fort Garry Campus.

Office Hours: Tuesday/Wednesday 12-1pm

October 4, 11, 18, 19

Office hours missed: September 27, 28 (Orientation conflicts), October 5, 12

Additional time spent in office – 2 hours per week

Time spent in the office: 12 hours

Time spent in meetings: 33 hours

#### Motions discussed

#### 1) Earlier meetings for Aboriginal and graduate students.

- Aboriginal and graduate meetings have usually been held at the end of our long days.
- People are tired and the meetings are likely less productive as a result. We need *robust* and *healthy* debate to retain *solidarity*.
- As it stands, the current schedule does not allow Aboriginal graduate students to attend both sessions.
- It might be a health risk (e.g., migraines).
- We think the schedule could be reasonably rearranged.
- For example, we could run the Aboriginal and graduate sessions during the first session after lunch on Wednesday and Thursday, respectively. The Aboriginal and graduate sessions would now run concurrently with the workshops during those timeslots. Alternatively, we could move the workshops to the evening.

#### 2) Transparency of finances.

- Concerns about the clarity regarding salaries. Are some staff double-dipping?
- We realize there is a section explicitly listing salaries associated with various titles of those in year-long positions and permanent positions in the National CFS. However, there are also 'wages' lines in each subsection. Where does this money go?
- We would also like more detail about where 'campaign strategy' funds are being spent. How much is being spent on each campaign? How is this money being used?
- Finally, it would be nice to have easier access to more longitudinal data about previous years' spending.

#### 3) No means no revision.

- We would like to see a national committee struck to evaluate the efficacy of the no means no campaign and talk about possible revisions.
- Incorporate academic research on the nature and antecedents of victim-blaming.
- Perhaps a new training kit can be produced.

#### Motions somewhat discussed

#### 1) Request greater balance on CFS panels.

- CFS workshops are meant educate students on important issues. However, a 'panel' is not really a panel if only one point-of-view is represented (e.g., next four years of conservative government).

#### Things to bring up with CFS

#### 1) More leadership during campaigns sub-committee.

- More structure and leadership is needed during the campaigns sub-committee meeting.
- Last year's meeting was entirely unproductive.

#### 2) Student loan clawbacks.

- What do other provinces deal with in terms of student loan clawbacks?

#### **MOTION**

Local 96/Local 103

Whereas 1 in 4 North American women will be sexually assaulted during their lifetime; and

Whereas of every 100 incidents of sexual assault, only 6 are reported to the police; and

Whereas over 80% of sex crime victims are women; and

Whereas 80% of assailants are friends and family of the victim; and

Whereas, about 50% of sex assaults occur on dates and only 1 - 2% of "date rape" sexual assaults are reported to the police; and

Whereas 60% of sexual abuse/assault victims are under the age of 17; and

Whereas 80% of sexual assault incidents occur in the home and 17% of girls under 16 have experienced some form of incest; and

Whereas 83% of disabled women will be sexual assaulted during their lifetime; and

Whereas 15% of sexual assault victims are boys under 16; and

Whereas 57% of aboriginal women have been sexually abused; and

Whereas 63% of victims suffer physical harm and 9% of victims are disfigured from the attack; and

Whereas half of all sexual offenders are married or in long term relationships; and

Whereas only 2 - 4% of all sexual assaults reported are false reports<sup>1</sup>; and

Whereas the No Means No phrase is a motto used worldwide by many organizations and agencies aimed at increasing the awareness and taking an active stand against man to woman sexual violence, especially towards women 16 – 24 year olds; and

Whereas this campaign does not currently include awareness or education about same sex violence, trans sexual violence, or victim blaming; and

<sup>&</sup>lt;sup>1</sup> Please not that all the statistics in the first thirteen statements are direct or assembled quotes from the website SexualAssult.ca, http://www.sexassault.ca/statistics.htm

Whereas there has never been a academically based study on the effectiveness of this campaign; and

Whereas research can be completed efficiently at a distance and by multiple researchers using modern technology and Web 2.0; therefore

Be it resolved that the Canadian Federation of Students complete a *thorough* and *research based* review of the effectiveness of the No Means No Campaign's awareness program at post-secondary institutions across Canada; and

Be it resolved that the Canadian Federation of Students hire one to three graduate students, with experience in quantitative and qualitative research, to complete the review of the campaign's effectiveness; and

Be it resolved that a fair honorarium, scholarship or payment schedule be created for graduate students to complete the research with regards to this campaign's effectiveness from the unused portion of the Campaign's budget; and

Be it resolved that the Canadian Federation of Students develop and create an additional *education component* for this campaign based on the completed research, to be used during post-secondary student Orientation weeks across the country.
